

## ***Post Progressive Music***

Dear B<sup>7</sup>,

I saw you profile  
on "Chimer"  
and decided ...

... this is difficult  
for me,  
I like to ...

... not quite sing both ways  
but when I experience  
one thing,

have the urge  
to surge in the  
opposite direction.

If I hear minor,  
I expect something  
major to appear.

Back to your advert  
on "Chimer."  
I'd like to meet up.

Make (as is said  
so often we pretend  
it is sensible)

beautiful music together.

I feel too shy to  
send this message:  
I fear it'll be put aside.

Yours, therefore,  
in abject silence  
and some ambiguity

A flat minor (augmented).
